AND PUBLIC CLEANLINESS

We care about our future

Eco-Schools 13th Young People's Summit

Mediterranean Conference Centre

10th March 2025

The Aim behind these Summits

- A platform for young minds to share ideas and concerns.
- The publication of a children's version of important national documents.

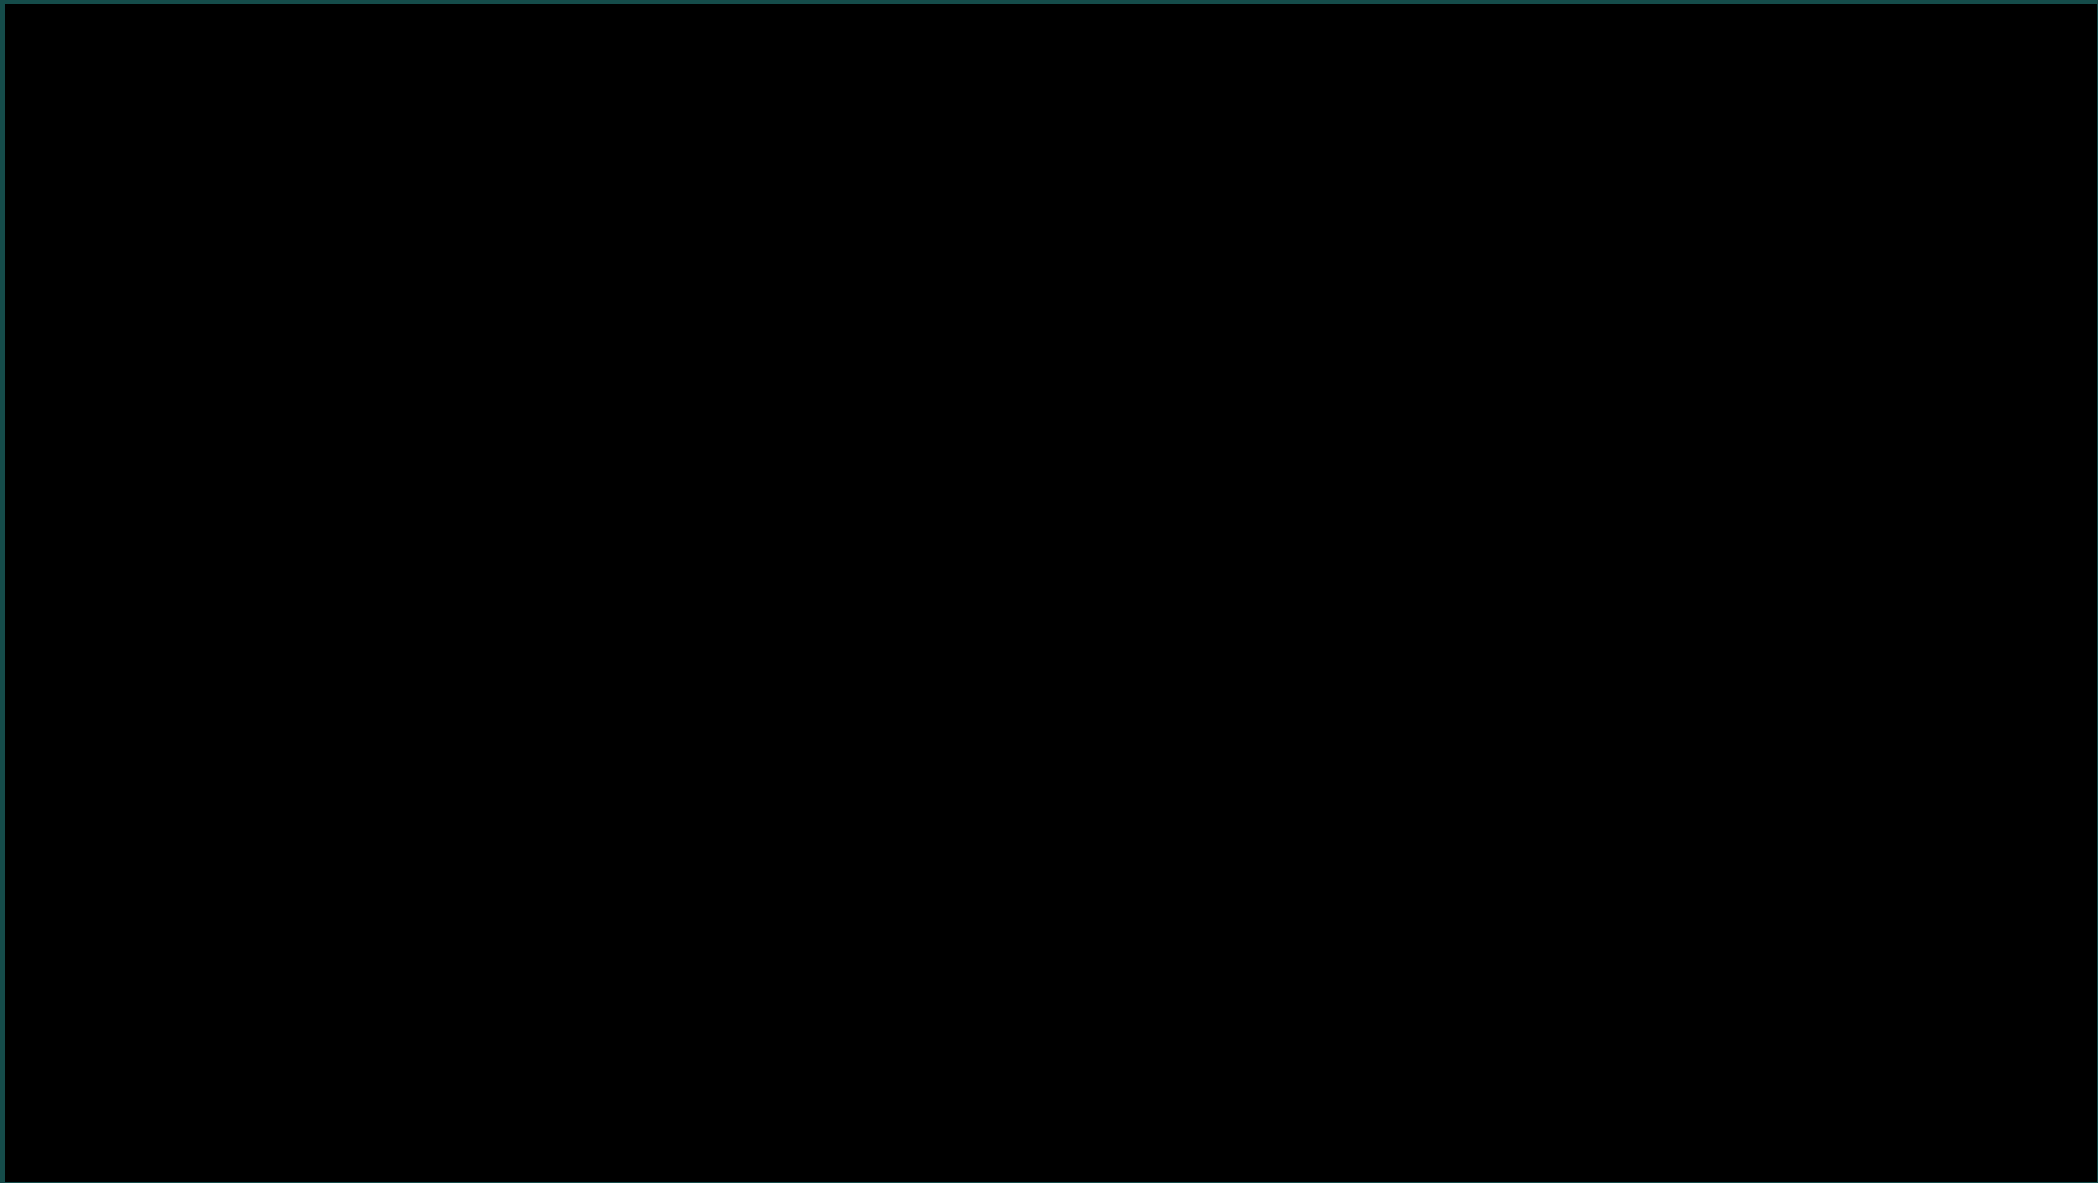

Give a voice to young people
with the ultimate aim of
improving life on our islands.

This Year's Themes

Our Island, Our Home:
Understanding Malta's
Ecosystems

Our Group's Discussion

- ❖ What poses a threat to local biodiversity.
- ❖ For each threat, propose practical actions which can be taken to protect biodiversity and advocate for change.

Conclusion

A declaration was written regarding the four topics. This declaration will be presented during a Parliamentary session.

Amongst the proposals mentioned are the need for **more green spaces**, for **wiser urban mapping** and for **more governmental incentives towards the environment**.

It is hoped that the proposals will be taken up by the government.
